

To the Friends of the Academy,

I'd like to sincerely thank you for approving the grant which has assisted in the completion of my secondment for the arts management course.

I completed my secondment at the West Australian Opera, and I have learnt so much from this incredible organisation. The money that was so graciously given to me assisted in living expenses and transport to and from the opera each day. I'd like to mention that during my time at the West Australian Opera a position became vacant in which I was encouraged by the team at WAO to apply for. I was the successful candidate and I will start in the position in two weeks' time as the Development & Marketing Coordinator. I believe with the assistance of the grant along with great mentors and hard work the success of this secondment has landed me with a job.

Thank you again.

Kind regards,

Catherine (Arts Management)
