

SECONDMENT SUPPORT

Dear Kevin and the Friends of the Academy,

Firstly, I'd like to extend my sincere gratitude for your financial assistance to my secondment.

I am a graduating third year Arts Management student that recently completed my final year industry placement at Mullinars Casting Consultants in Melbourne. Throughout my secondment I have gained many skills that could only be learnt through this practicum. The financial assistance provided by Friends of the Academy allowed for this secondment to take place and the assistance in getting to Melbourne is greatly appreciated.

I have had a great secondment experience and am looking forward to getting stuck into the 15,000 word organisational analysis we need to prepare.

During the secondment I was lucky enough to be offered full-time employment with 'Mullinars Casting', in the position of Casting Assistant.

I would personally like to thank you and all the support that the Friends of the Academy have provided me and others, not only financial assistance but also throughout my study.

Thank you again for your investment in my future.

Cameron
