

Dear Friends of the Academy.

I am emailing in thanks for the grant I received from you late last year to help support me on my design secondment.

I have just returned from spending 4 weeks with Sydney Theatre Company assisting their Resident Designer Elizabeth Gadsby and Freelance Designer David Fleischer. It was an incredible experience that I could not have been a part of without your assistance.

I just submitted my final assignment of this degree that was in regards to the Secondment, and am more than happy to email it through if you are interested.

My continual thanks,  
Georgia
